About the Event

Confederation of Indian Industry (CII) is a non-government, industry-led and industry-managed organization, with over 9000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 294 national and regional sectoral industry bodies. CII works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes. For more than 126 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

The Ministry of Labour and Employment has initiated Model Career Centre (MCC) through CII at 23 locations and 38 Aspirational Districts in India to provide a variety of employment related services. Model Career Centres is a reservoir of skilled talent pool, where the Industry can tap in from, thus establishing a seamless employer-employee connect.
